QUARTZ

QUARTZ FLOOR POLISH SYSTEM

The increasingly widespread use of natural Stone in construction of buildings has made it necessary to develop new technologies to shine and maintain them. In view of the limited applications of traditional systems. Quartz has introduced a comprehensive range of Floor Polish System - Q1/Q2/Q3.

Q1 HEAVY DUTY FLOOR STRIPPER/ DEGREASER

Dilution Recommende - 1 : 10

Q1 is extra heavy duty floor stripper for toughest buildups. Formulated to excel with superior wetting, penetration and emulsification properties. On application it removes old polishes, dirt, grit even from the pores of floor. Q1 is a non-toxic and non-acidic stripper which leaves the floor absolutely dirt-free, thus the floor is prepared for the application of the polish.

AVAILABLE IN : 5 Ltr.

Q2 FLOOR POLISH & SEALER

(Ready to use)

Q2 is dry bright emulsionised floor polish and sealer which when applied forms a protective transparent film on the surface thus protecting the floor from wearing out due to continuous abrasive action. Q2 is durable floor finish especially when you need it most under heaviest traffic. Requires less daily maintenance exceptional black heel marks and scuff resistant. Resists dirt penetration. Keeps dirt on surface which can be easily removed. Easy to apply-dries clean, stays clean with its tough long lasting gloss. Dries to high gloss with / without machine buffing. Slip resistant. There is no better way to consistently achieve an excellent appearance than Q2.

Ideal for use on Indian Marble / Kota, Mosaic, PVC type of floors.

AVAILABLE IN : 5 Ltr.

Q3 FLOOR POLISH MAINTAINER

Dilution Recommende 1 : 50

Q3 is a neutral maintainer which when applied removes the top surface dust & gives a gloss to the polished surface the polish is thus maintained for longer period.

With a dilution of 1 : 50, restorative maintenance programme can be done to increase life of the polish.

AVAILABLE IN : 5 Ltr.
